New Light Standards Installed

R. Shaw of Lethbridge, and William Fields of Coleman, representatives of the Stop Inn Motel, met Coleman council Tuesday to discuss the increase in taxes on the motel property and the additional sewerage rates.

The motel operators felt that the additional costs would force removal of the Motel unless other arrangements are made.

Council will discuss the matter further at a special meeting.

Complaints of dust problems in West Coleman were received and council felt that nothing could be done to completely eliminate the problem until all sewerage services are installed in this area of town after which roads and streets would be properly paved.

Complaints of water in the alleys in West Coleman were also received and it was learned that the water was coming from basements that are being pumped out due to the high water table in the area.

Council will contact Charles Drain, M.L.A., to try to get the Water Resources Branch to dredge out the Crows Nest River through Coleman to lower the water table in the district. Heavy gravel bars have formed in the river during the past few years and resulting have raised the level of the river.

Reports that a window had been broken by a baseball in one of the new homes in the new subdivision near the Horace Allen

school, forced council to take action whereby any team using the facilities of the sports field will be liable for any damage resulting to homes in the vicinity of the ball field.

Pressure will also be put on by council in an attempt to curb persons throwing bottles, cartons and rubbish near the ball field, while watching games. Traffic control measures for the ball field area are also being considered by council.

Approval was given to putting curbs on the roads in the new housing sub-division. The curbs will be laid as soon as the town can obtain and purchase asphalt from crews that will be working in the vicinity.

The traffic speed limit on the highway through town was increased to 30 m.p.h.

Reports indicated that the Ace Construction of Calgary, is making good progress on the installation of new light standards in the town as well as installing new wire and generally improving the town utility.

Council approved cutting off utilities that are not paid on the specified dates.

Nora Goulding To Head Provincial Assn.

Mrs. Nora Goulding was elected president of the Alberta Pensioners and Senior Citizens at the annual convention held in Coleman.

Richard Graham of Pincher Creek, was elected vice-president and Mrs. Dora MacDonald of Fort Macleod, second vice-president.

The convention was attended by 150 persons from Taber, Lethbridge, Fort Macleod, Pincher Creek, Hillcrest and Coleman.

A banquet, catered to by the O.O.R.P., was held in the Elks hall at which addresses were given by Mayor John Holyk, Dr. L. E. Kindt, M.P. C. R. Rasmussen, president of the Coleman Lions, Charles Drain, M.L.A., of Blainmore, Mrs. Florence Starr of Fernie, C. Bracken of the Lethbridge Provincial Welfare office and Stan Smythe of the Blainmore Welfare office and W. F. Bullock of Edmonton.

During the dinner Harry Scaba of Coleman, was called upon and was presented with a framed photo by President Goulding in appreciation for the excellent work done by him as chairman of the Membership Committee.

A corsage and boutonniere were also presented to Mrs. Nora 94 years, and Mr. Vath, 79 years, both of Lethbridge, for being the eldest persons attending the convention.

Next year's convention will be held in Swift Current, Sask., and Alberta delegates will be Mrs. Harriet Cunningham of Lethbridge and A. Neddo of Fort Macleod.

O.O.R.P. Elect New Slate

A new slate of officers to head the Coleman Order of the Royal Purple was installed to office at June 24th ceremonies held in the Elks hall.

Installing the new officers was Past Honored Royal Lady Anne Vasek, assisted by Past Honored Royal Lady Edith Nelson and the Coleman Elks patrol team under Captain Slug Lozza.

The new slate includes: Honored Royal Lady, Helen Kropinak; Past Honored Royal Lady, Irene Filafilo; Associate Royal Lady, Anita Berlin; Loyal Lady, Mary Meronik.

Lecturing Lady, Mary Bowman. Three-year trustee, Mary Tiffin; Secretary, Past Honored Royal Lady, Connie Michalski; Treasurer, Marge Schultz; Historian, Past Honored Royal Lady, Clara Haslett; Conductress, Olga Krugg; Chaplain, Farina Langille; Outer Guard, Geraldine Gettman; Inner Guard, Helen Juhlin and Pianist, Isabelle Spiveak.

A.A.R.N. Hold Meeting

The Crows Nest Pass Chapter of the A.A.R.N. held its first meeting of the season at the home of Mrs. Ann Murdoch of Coleman when the draw for the \$25 prize was made and won by Mrs. Freida Johnston of Hillcrest.

Proceeds from the sale of draw tickets is used by the Association to provide a scholarship, which has this year been increased to \$100, for the Crows Nest Pass girl going into nursing who attained the highest marks in grade 12.

The scholarship is to be presented in September and girls entering nursing may submit their applications for the scholarship to Mrs. Margaret Johnson of Coleman.

Application forms may be obtained from either Mrs. Johnson or Mrs. F. H. MacLeod at the Crows Nest Pass Clinic.

Coleman Lady District Deputy

Past Honored Royal Lady Isobel Petsuk has been appointed as District Deputy Supreme Honored Royal Lady for District 9, O.O.R.P. British Columbia.

Mrs. Petsuk and Pianist Isabelle Spiveak will attend the Elks and OORP convention to be held in Sherbrooke, Quebec, July 23 to 26, and while there will attend Expo 67.

Coleman Couple Are Feted At Farewell Party

Mr. and Mrs. Ken Milner were feted at a farewell party at the home of Mr. and Mrs. Keith Braithwaite of Blainmore.

The family will leave the Pass for Fort Vermilion, where Mr. Milner has accepted a position with the school there. While in Coleman he was industrial arts teacher at the Horace Allen high school.

Attending the party were members of the L.D.S. Church congregation. Mrs. Milner was president of the Primary Association of the L.D.S. Church and active in the Relief Society.

Mr. Milner was in the Branch Presidency and taught Sunday School.

Local U.M.W. of A. Officers Elected

Peter Meronik was re-elected as president of Local 2633 Coleman United Mine Workers of America.

Other officers elected by acclamation were:

Vice-president, Wm. Skura; Secretary, John Ramsay; Vicary Creek mine committee: Peter Meronik, William Skura and J. Sanyshyn; the International mine committee: George Jenkins and safety committee: John Ondrus, Peter Meronik, George Jenkins.

The Coleman Local also accepted a new agreement with Coleman Collieries for the next two years. A ballot was held on the agreement with 236 voting in favor and 130 against. There were four spoiled ballots.

Meanwhile President Peter Meronik has announced that the annual Miners' Picnic will be held at Knowles Ranch on July 30th. Any non-union members wishing to take part in the picnic can obtain tickets from Secretary John Ramsay before July 23.

No Door-to-Door Sale of Health Plan

Dr. Douglas Paul, director of the Alberta Health Plan, today warned residents of Alberta that there are no door-to-door sales of the Health Plan.

The warning resulted from a report that an unauthorized salesman was going from house to house in an attempt to obtain signed applications, and payments from Calgary residents.

Application forms, Dr. Paul said are obtainable at government offices throughout the province, including Treasury Branches, or they may be obtained by contacting the A.H.P. office in Edmonton, but there are no representatives soliciting applications from door to door.

Wherever it is obtained, the director continued, the application, once completed, should be forwarded, along with payment, directly to the Health Plan office, Box 1280, Edmonton.

School Board Announce Policy

John Albizzati, secretary of the Crows Nest Pass School Division No. 63, advised this week that in view of the adoption of new school board policy the following information is of interest to parents of all school children.

Up to and including this school term 1966-67 the Crows Nest Consolidated School Board has supplied to grades one to eight inclusive, free of charge, all necessary text books, work books, scribbles, pencils, rulers, erasers, crayons and glue. The Coleman School Board discontinued this practice many years ago. Rising costs of operation have been a major factor in changing the policy adopted by the new board of the Crows Nest Pass School Division.

The policy of the Division now makes the students responsible for providing the materials listed above.

Textbooks will be provided under the following rental fees: Grades 1 to 2, \$1.00; grades 3 to 6, \$2.00; and grades 7 to 12, one-third of the net cost.

Workbooks will be purchased by the students through a school distribution system. Outlay here

will be detailed on special forms showing the necessary workbooks and materials and cost to the students. These forms will be provided to all students early in September. Costs to each student will vary according to the needs of each grade.

Individual materials such as scribbles, pencils, rulers, erasers, etc. may be purchased at local retail outlets.

In view of this policy coming into effect September, 1967, all retailers interested in specific types of school supplies which will be in demand, may see samples of currently used supplies at the board office in Blainmore as a guide to stockpiling suitable or reasonably similar materials.

Mr. Albizzati also announced that Joe Amatto of Blainmore has been appointed as assistant to the janitor at Isabelle Selson school in Blainmore.

Red Deer No. 1 Team in Top Place

Red Deer Firefighters' team-No. 1 took top place at the Coleman Volunteer Fire Brigade annual Hose Coupling competitions held here on July 1st.

Thirteen teams from Marysville, B. C., Cranbrook, Fernie, B. C., Red Deer, Bellevue, Picture Butte, Coaldale, Calgary and local teams took part in the day-long events that started off with a parade of competing teams and wound up with a banquet and social evening.

During the banquet the Coleman Volunteer Fire Brigade Trophy and individual member trophies were presented to the Red Deer team by Captain Russell Montabetti of Coleman.

Winner of second place in this event was the Picture Butte team

who were presented with prizes by Captain John Wavrean of the Coleman brigade.

Winner of the second event was Red Deer team No. 2 and the Red Deer team No. 1 who were presented with prizes.

Andy O'Toole of Lethbridge, of the Fire Commissioner's office, was called upon by Coleman Fire Chief Henry Zak to present the Murray Badard Proficiency Shield and Trophies to the Picture Butte No. 1 team.

Over 150 attended the banquet and 300 were present at the dance that followed.

Family Reunion Is Held

A family reunion was held at the home of Mrs. Carmen Heuka on the July 1st week-end when Mr. and Mrs. Robert Heuka and two sons, of Vancouver, Mr. and Mrs. Ronald Heuka and son and

daughter of Calgary, and Mrs. Dorothy Becker and family, of Cranbrook, B. C., gathered for the occasion.

To mark the event a family supper was held.

During their visit here the family visited Carlo Ruggiani who was a patient in the Crows Nest Pass Hospital.

Trophy Shoot Successful Event

Ron Hutchinson of Warner, top notch shooter, copped the Grand Aggregate Trophy for having piled up the most points at the Willow Valley Trophy Shoot, held at the F. Lynch-Staunton Ranch north of Lundbreck recently.

Despite being plagued with wet rainy conditions which forced the large attendance of spectators and shooters to move to higher ground the day-long events were very successful.

Winners of the trap shoot event for the Hutchinson trophy were Merl Ross of Calgary; second, Andy Russell of Waterton Park, and Phil Rapson of Bow Island.

Sam McGee of Lethbridge, James DeJax of Cowley and Lloyd Dunk of Warner, took first, second and third in the big game rifle event, with iron sights for the Willow Valley Club trophy.

The big game rifle competition with scope sight for the Bud Schmidt trophy, was won by Bernard Smith of Cowley while runners-up were Ron Hutchinson of Warner and Steve Dixon of Brant.

Winners of the hunters' match for the Barons Rod and Gun Club trophy were Gordon Russell of Waterton Park; Doug Albers, of Bow Island, and A. J. Ruzas of Magrath.

The Harry Davies trophy for the Tight Group competition was won by Terry McEachern of Calgary, with Vance Alred of Cardston and Jack Dezall, taking second and third places respectively.

Randy Noss of Calgary took first in the Youth Match event for the Jack Reid trophy, while runners-up were Ann Russell of Waterton Park and Dale Akitt of Waterton.

In the Pete Maloff trophy event for open sight 22 rifle at 20 yards winners were Frank Leffingwell of Lethbridge, Gordon Russell and Andy Russell, both of Waterton Park.

The 30 yard 22 rifle with scope sight or open sight for the Willow Valley trophy, was won by Bob Woodward of Pincher Creek, with runners-up being Gay Flemming of Lethbridge and Terry Webber of Lundbreck.

The Lethbridge ladies' team of Evelyn Leffingwell, Joyce Miller and Yvonne Lamm took top place in the three lady trap 22 rifle event for the Rangeland Hotel trophy.

Mr. & Mrs. John Bindo Observe Silver Wedding Date

Mr. and Mrs. John Bindo were guests at a twenty-fifth wedding anniversary party held in the Catholic hall recently.

Over 150 guests and friends gathered for the occasion, and following supper, master of ceremonies Paul Kusin of Sparwood, called on Mr. and Mrs. Bindo and on behalf of all present, Mrs. Margaret Saus presented the happy couple with a set of three tables. Mr. Bindo ably thanked his many friends for their gesture.

The couple were married in the Holy Ghost Catholic Church May 19, 1942, and have resided here since, where Mr. Bindo is employed at Coleman Collieries.

The couple has two children, Walter at home, and Dorothy Ann teaching school in Fort St. John. Mr. Bindo is well known in southern Alberta, being a Past Grand Knight of the Knights of Columbus and a member of the town council.

Have YOU a friend or relative in a mental hospital? Perhaps you wonder what it will be like when he comes home. There is a free booklet entitled "When a Mental Patient Comes Home", that will make it much easier for you. Write for it today to the Canadian Mental Health Association, 89 Revillon Building, Edmonton.

The Nikka Yuko Centennial Garden is the pride of Lethbridge, being the city's major Centennial project. In the background is the pavilion, the focal point of the garden. Built mostly of a very rare wood, Cypress from Tai-

wan, the pavilion, like all other structures in the Japanese Garden, was designed and built in Japan and shipped to Lethbridge where it was re-assembled. This type of garden is not to be considered a summer resort or picnic

ground, but rather a place of quiet serenity and thoughtful appreciation of the rare beauty of nature. The garden will be officially opened on Friday, July 14th, by Their Imperial Highnesses Prince and Princess Takamatsu of Japan.

OF MANY THINGS (By Ambrose Hills)

Henry And Me

If Henry Ford glances down occasionally from the blue vaults of Heaven, I am sure he'll take a second look at Greenhorn Farm, and smile, the broadest smile of any angel among the heavenly hordes. My front meadow, and my middle pasture no longer present a straggly, weed-infested picture - they've been mowed.

You've guessed it. This greenhorn farmer finally convinced the family and himself that we could afford a tractor. It arrived with a little fanfare, too. Mr. Don Lywood, who is the Ford tractor man in British Columbia, came along when it was delivered. He, too, had been reading this column, for some strange reason, and he wanted to be around when I piloted that little Ford tractor into the meadows for the first time.

I love it like a brother.

After a few turns around the meadow, watching the weeds go tumbling down, I came back to the yard, and Nora brought out the camera and took a picture of me breaking the hoe over my knee. I may never touch another hoe or swing another scythe as long as I live! The place for my tired old bottom is on the soft seat of that tractor, and that is just where I propose to settle it most of the time.

We had fabulously wonderful weather in June, with long days of unbroken sunshine. My neighbor, Gerry Brooks, made hay and the aroma drifted our way, turning me green with envy because our pastures will take a great deal of care before they will yield a crop like his. We'll manage it though, now that I've got the proper equipment.

And I am getting wonderful help and advice from the Department of Agriculture. They seem very patient. I haunt their offices in Cloverdale, ask crazy questions by the hundreds, but they keep answering.

Farming is such a busy life, so involved and thrilling, that we've not yet managed to take in Expo 67. Our daughter, though lives in Montreal, and writes us long, enthusiastic letters about it. If we had unlimited funds, we could fly down and still be back in time to keep the peas and beans weeded, but they couldn't be left for long. They are just holding their own, even with my help.

SOUND OF MUSIC

The Sound of Music, starring that delightful girl Julie Andrews and a passel of utterly appealing children, charming nuns and nasty Nazis, and the magnificent Salzkammergut - surely one of the most beautiful mountain areas in the world - is a motion picture that no southwest man, woman or child should miss as it begins its long run in Coleman, starting August 2nd and running for two weeks.

This movie deserved every one of the five Academy Awards it received. As a work of art, it has generated immense popular empathy in seemingly endless runs in London, New York and Los Angeles, Toronto, Montreal and Regina.

We think there may be some hope for the human race contained in the continuing massive popularity of this thoroughly 'whole-some' movie.

Today, when so much of the emphasis in mass entertainment bears down heavily on sex and violence, it is absolutely delightful to sit back amid tears and laughter and watch Julie Andrews and those wonderful children sing and dance and run against the lovely background of the Austrian Alps and the baroque richness of Salzburg.

The color camera work is among the best we've ever seen in Sound of Music. And the music bears all the beauty of simplicity.

Those serene nuns, with the Mother Abbess to the fore, are mag-

nificent. This isn't just another big movie at a community theatre - it's a major event.

FOOD POISONING

A First Aid Tip From St. John Ambulance

The type of food poisoning most likely to be encountered on vacation results from either poor refrigeration or unclean handling, warns St. John Ambulance, the Canadian First Aid authority.

Symptoms come on a few hours after eating and consist of nausea, vomiting, abdominal pains and diarrhea. If the food has been contaminated by unclean handling, symptoms may start with a chill, and later the patient may feel cold while having a temperature in fact of 100°.

The patient should be given simple hot liquids such as tea. Cause of the food poisoning should be reported to health officials immediately so that proper action can be taken as soon as possible.

It is a wise precaution to refer any severe abdominal pains to a physician since these or similar symptoms may indicate some other medical problems of a serious nature.

As a by-product of its natural gas, Alberta now produces about 90 per cent of Canada's annual supply of sulphur.

About half of Alberta's population of a million and a half, lives in Edmonton and Calgary, two of Canada's fastest growing cities.

July Is Salad Month—

Fresh for Flavor is the theme of the 1967 Salad Month promotion. With fresh ideas, and fresh produce salads can't help but be year-round favorites. A salad may be an appetizer, an accompaniment, a main course or a dessert. Imagination is the limit when it comes to the varieties and use of salads.

Molded Salads—

Molded or jelled salads are full of fruit, vegetables or meat and set in a gelatin base. These salads are hostess helpers as they may be made ahead of time. Their shimmering appearance adds to their appeal as a guest pleaser.

Jelled salads can be kept up to 3 days in the refrigerator if they are covered with a moisture proof wrap. Salads which contain either meat or fish should, however, be stored for only one day.

Follow your fancy in molding salads. There are many containers which may be used as molds, such as paper cups, muffin tins, loaf pans, kitchen bowls or fancy molds. To determine the amount of salad needed for a mold, first measure the amount of water required to fill it.

Helpful Hints—

- 1—Use good quality molds. Aluminum is best.
- 2—Be sure the amounts of gelatin are sufficient. The larger the mold, the greater the proportion of gelatin to liquid that will be required.
- 3—To set gelatin quickly use half the liquid in boiling water and half in ice cubes.
- 4—Grease the mold lightly but completely with salad oil before filling it. This will help when it comes time to unmold the salad.
- 5—Add items to the salad when the gelatin is thick and nearly set.
- 6—To remove the salad from the mold, first loosen edges with a small pointed knife. If it still sticks after loosening the sides with a knife, a cloth soaked in hot water can be placed around the mold to just warm it.
- 7—Never dip the mold in hot water as this will melt the surface and the design will be lost.

Care of Salad Vegetables—
Salad greens should be rinsed

in cold water as soon as they reach the kitchen. For lettuce cups, remove the core and then run water through the centre of the head. The water will loosen the leaves, and they can be more easily removed.

Excess water should be drained from head lettuce. Toss leafy greens such as leaf lettuce on towels to dry. After excess water has been removed, the greens may be stored. The crisper in the refrigerator is designed for storing vegetables and greens. If it is necessary to store greens in another part of the refrigerator, first put them in a plastic bag.

If vegetables are washed before they are put away, it will make the salad preparation much easier. A vegetable brush should be used to remove dirt from carrots, celery, radishes and green onions. Tomatoes, cucumbers and green peppers should also be washed. Green onions are the only vegetables that need to be wrapped for the crisper.

When greens are first washed and dried, they tend to stay fresh and crisp once they are put into the refrigerator.

Calgary Brewing . . . Its Contribution to Calgary and Alberta

— FACT SHEET —

—A. E. Cross, Calgary Brewing founder was one of the group known as the "Big Four" who backed the cowboy - showman Guy Weadick to get the first Stampede going in 1912.

—In the early 1930's work commenced on beautification of the 12 acres on which the brewery stands. First the property was fenced and the land cleared of trash. An old boarding house was torn down. The cement foundation of this house was filled with water and turned into a pond. This was the beginning of the brewery trout ponds.

—To keep the water fresh in this pond, a small stream was created and several other ponds added.

—Beautification now complete — 12-acre park on the grounds of the Calgary Brewing filled with colorful flower beds, a stream, rustic bridge and several ponds filled with a variety of local trout. Facilities for fish hatchery adjacent to the aquarium were established in 1938.

—Calgary Brewing supplied the land, buildings, equipment, as well as the water for this, the main fish hatchery of Alberta. This hatchery has been turned over to the Department of Lands and Forests, Province of Alberta, which staffs and operates it.

—This is the same water that gave Calgary its name "Clear Running Water". Calgary means "Clear Running Water" in Scottish.

—Each year five million trout are raised and distributed to lakes and streams of the province to assure lively action for local and

visiting fishermen.

—To date, over 100 million fish have been raised for planting in Alberta waters.

—In 1920, the aquarium building was completed and became a major Calgary tourist attraction.

—The Calgary Aquarium today contains some 200 varieties of underwater life, ranging from 80 lb. tropical turtles to tiny Neon Tetra and Mosquito fish.

—The collection includes varieties of salt water fish. The 30,000 gallons of water required to fill these tanks had to be hauled 300 miles from the Pacific Ocean by trailer.

—In the first 3 years the Aquarium was opened it attracted over one million visitors.

—In 1962, J. B. Cross, long-time Brewery president, donated his substantial collection of paintings, sculptures, documents and other reminders of the pioneer days of the West, and formed the now famous Horseman's Hall of Fame.

—It is not a static museum, but contains pictorial scenes complete with life-like models that portray over a dozen typical western events.

—The Horseman's Hall of Fame is now located on the second floor of the Aquarium Building. It is hoped that it will be possible to expand the aquarium and Horseman's Hall of Fame in future years.

—Calgary Brewery has not forgotten the children in the outlying districts of Alberta. Both the Aquarium and Horseman's Hall of Fame send out travelling exhibits to fairs and exhibitions all through Alberta.

—Calgary Brewing provides support and encouragement for many amateur sports in Alberta. Buffalo Stadium in Calgary was built to encourage amateur baseball.

—Calgary Brewery has long encouraged the development of small town hotels, where the traveller could obtain good food and shelter.

—The Brewery was the first commercial user of natural gas in Alberta, providing significant encouragement to the then-young natural gas industry.

—Barley, of a suitable quality for brewing, was introduced into Alberta by the Brewery's founder—A. E. Cross. It assured the company of a local supply of this essential ingredient and created a profitable new crop for the farmers of the province.

—Installation of brewery grain-drier brought about use of dried grain as a high protein cattle food.

—Hunters of our province will be forever grateful to A. E. Cross, founder of the Calgary Brewing & Malting Co. Limited. In the early 1900's Mr. Cross was one of the people who were instrumental in bringing the first Pheasant and Hungarian partridge into this province.

—Cattle ranches and packing plants in Alberta combine to give the province the lead in beef production for all of Canada.

The only bank with a branch at expo67

the Commerce

At the Commerce we provide banking service where it is required . . . In your own home town or wherever you go in Canada. That is why we have made sure there is an operating Commerce branch at Expo '67 . . . open seven days a week at convenient hours.

If you are planning a visit to Expo, see your local Commerce branch first. There you can obtain Expo Passports at a lower cost than if purchased at the gate; Bonus Books which will enable you to purchase refreshments, transportation and amusement tickets at a discount, and Travelers' Cheques which are convenient, quickly replaceable and readily cashable. And remember wherever you go in Canada, the Commerce is ready to serve you.

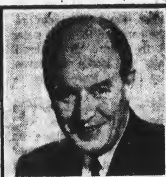

CANADIAN IMPERIAL BANK OF COMMERCE
1967—Our Hundredth Year of Banking Service

Centennial Report

1867

1967

by JOHN W. FISHER
CENTENNIAL COMMISSIONER

John is four years old and his mother is thinking in hundreds these days. She's thinking of Centennial and of the 200th anniversary of Confederation.

Considering all advancements in science, including medicine, and the fact there are about 600 centenarians celebrating the present 100th year, John's mother believes her little boy has a pretty good chance of witnessing the 200th. So she is packing a small box, for John, she calls the 100-year box.

In the 100-year box for John goes an odd but interesting assortment of things including a clipping of this newspaper column and other items which might interest citizens of the year 2067; a small toy automobile, the short-trousered suit he wore to Expo, a special Centennial supplement of the *Ottawa Citizen*, a 1967 supplement of a weekly newspaper his father published on the Centennial of an Ontario town, brochures on the Confederation Train and Caravans, a Centennial pin and a booklet on the Centennial symbol, a 1967 dollar bill, Centennial issues of *Maclean's* and other Canadian magazines.

Before the end of the year she'll have other items for the 100-year box. "Do you know what gave me the idea?" she asked me. "My husband who is a journalist got two complimentary tickets for the first night of Expo. I noticed on the back of the 'special passports',

a suggestion that they be saved as souvenirs. I gave them to John and then started thinking about his future and whether he would be on this earth for another 100 years. That's what gave me the idea of the souvenir box." The two Expo tickets, of course went into the 100-year box.

Having listened to too many pessimists lately, who say the world will be a cinder in 2067, it is refreshing to run into someone like John's mother who has faith in the future — and faith in people like John who, perhaps, will be better equipped than we are to make a good world.

The theme we gave the Centennial of Canada's Confederation was based on the past, the present and the future. Almost through the first half of 1967, the celebrations have successfully recaptured the spirit of our history and have made us aware of our good fortune in being Canadians.

We've had our look at the past. We've examined our present. Now the accent must be on the future. The time is upon us when we must think and act to make Canada better and the world better.

Clary-Daeley Nuptials Solemnized At Colesholm

A wedding of interest to residents of the district was performed recently in St. John the Evangelist Church, Colesholm, Alberta, when Dorothy Ruth Daeley, youngest daughter of Mrs. Julia Daeley, Pincher Creek, and the late R. L. Daeley, became the bride of Paul Louis Clary, only son of Mr. and Mrs. Bert Young of Coleman.

Father Weare officiated at the double-ring ceremony.

Given in marriage by family friend, George Shenton of Calgary, the bride chose a street-length pale blue sheath with matching long sleeved lace coat. Her shoulder-length veil fell from a headpiece featuring a single rose and she wore a cultured pearl necklace and earrings, gift from the groom. The bridal bouquet was of sweetheart roses and white carnations.

Attending the bride as senior bridesmaid, Mrs. Loreen Davis, Pincher Creek, was attired in a rose-pink lace dress with matching shoes and white accessories. She wore a tiara headpiece and carried white carnations.

Junior bridesmaids, Leann, Linda and Impi Young, little sisters of the groom, wore pastel shades of green and yellow with white accessories, and carried carnations tinted to match their gowns.

Robert Liddell attended the groom and the ring-bearer was Kelvin Daeley, Coleman.

For her daughter's wedding Mrs. Daeley chose a black and white tweed two-piece suit with white accessories, and wore a white gardenia corsage, while Mrs. Young's sheath and bolero ensemble was dark green with white accessories. Her corsage was of red and white sweetheart roses.

Robert Liddell was master of ceremonies at a reception held at the Bob Davis Ranch in Pincher Creek district. Dr. C. Bryant, of Pincher Creek, led in prayer, following which a toast to the bride was given by Mr. Shenton.

The groom, in response, thanked the gathering on behalf of himself and his bride, and invited the

guests to visit them in their new home.

A dance, with music provided by the Davis brothers, followed, with a host of friends in attendance.

For their honeymoon the couple travelled to the Okanagan and other British Columbia points, returning via Calgary to their home in Coleman, where the groom is employed at Phillips Cable Plant.

Out of town guests for the wedding were from Bellevue, Blairmore, Fort Macleod, Calgary, Lethbridge and Tompkins, Sask.

"Just a Minute, Please!"

(Gordon E. Taylor, Minister of Highways, discusses items contained in the new Highway Traffic Act)

"RED LIGHTS — BEWARE!"

RED means danger and wherever that color is shown drivers and pedestrians are cautioned to beware.

In an effort to facilitate the movement of traffic at intersections and to achieve uniformity throughout the province of Alberta, changes involving red lights were made in our legislation by the last Legislature and these became effective July 1, 1967.

The new law contains three important sections, as follows:

- (a) A vehicle approaching a red light may turn right after stopping and after observing that it is safe to turn; previously a turn on a red light could be made only if a sign or symbol permitted it.
- (b) A vehicle approaching an intersection, where there is a red light and a green arrow, may make the turn without stopping, providing it is safe to do so; the green arrow is used to indicate that there are no conflicts with other traffic or pedestrians and an absolute stop is, therefore, not required; the driver, however, should

proceed only with caution.

- (c) A vehicle approaching an intersection, where there is a red light and a sign or a signal prohibiting a right turn, must stop and must not proceed until a change of signal so indicates. So you see that "red" still means caution and danger.

The law as amended, permitting a turn on a red light after stopping and checking to see if it can be made safely, can achieve its object of facilitating the movement of traffic safely and wisely, only if drivers and pedestrians alike remember that RED continues to mean danger.

Incidentally, while we are talking about red lights, perhaps I should mention that a red light flashing intermittently indicates that the vehicle should stop im-

mediately and not proceed until it is safe to do so.

"The execution of the laws is more important than the making of them"—Jefferson.

We don't like to talk about suicide, do we? Yes suicide takes as many Canadian lives each year as traffic accidents, and an astonishing proportion of them are quite young people. Another tragic fact is that a great many could be prevented, if we know a little more about suicide. The Mental Health Association will be happy to send you a free pamphlet entitled "Some Facts About Suicide" — Write to CMHA, 619 Revillon Building, Edmonton.

About half of Alberta's population of a million and a half, lives in Edmonton and Calgary, two of Canada's fastest growing cities.

EFFECTIVE JULY 1st, 1967 ALBERTA HEALTH PLAN		

PUBLIC NOTICE

Speeding and Reckless Driving

has reached such proportion that great concern has been exposed by many of our citizens in the Town of Coleman.

In order to eradicate this situation the following is a list of suggestions that help to maintain greater safety:

1. Obey the law yourself.
2. Report to the R. C. M. P. driving offenders.
3. Be prepared to testify in court the observation you have had on drivers.
4. Be prepared to describe automobiles and drivers, and license numbers.

For Your Information:

The following testimonies constitute sufficient evidence to convict traffic offenders

1. The spinning of wheels so as to squeal pavement or throw gravel is proof of reckless driving.
2. Turning corners at more than 15 miles per hour is evidence of speeding.
3. Your estimate of the speed of a vehicle, is acceptable evidence to convict an offender of speeding.

It is not necessary that a police officer be a witness to a driving offence, you as a citizen have full right to enforce the law.

The Mayor and Council as well as the R. C. M. P. request YOU THE CITIZENS OF COLEMAN to co-operate in the above manner and in any way you can.

Celebrating 75 years of brewing the "GREAT BEER!"

Back in 1892 the first Calgary Beer was brewed. Great beer then! Great beer now!

Even then, we had our own spring of pure crystal water. "Calgary" has been brewed with this same perfect water for 75 years. Naturally!

Here's our new Diamond Jubilee label. It marks 75 years of brewing Alberta's "great beer".

CALGARY BREWING... since 1892

Bride-Elect Honored At Shower

A miscellaneous shower was held in honor of Miss Michele Kilgannon on the evening of Thursday, June 29th in the Coleman Elks hall.

The bride-elect was escorted to the head table by Miss Dona Oliva and presented with a corsage of roses. During this time Mrs. J. Spievak played appropriate music at the piano.

Mrs. J. Kilgannon, mother of the bride-to-be, was escorted by Mrs. J. Kulig and seated at the right of the guest of honor. Mrs. A. Brown, mother of the groom-elect, was escorted by Mrs. Olga Martine and seated at the left of the bride-elect. Both ladies were presented with corsages of carnations.

Entertainment for the evening was whist and bingo. Whist honors went to Miss M. Willoughby, first; Mrs. Babe Setla, second, and consolation to Mrs. A. Vasek. Door prize went to Mrs. Theresa Vigna.

A delicious lunch was served by the hostesses. The tables were centered with lilacs and summer flowers. Mrs. B. Fauville presented the honored guest with many beautiful and useful gifts from the friends assembled.

Miss Francine Kilgannon, sister of the bride-to-be, assisted in unwrapping the gifts.

The guest of honor, in a few well chosen words, thanked all present for the beautiful gifts and kind wishes bestowed on her, with a special thanks to the hostesses for helping to make this such a memorable occasion.

Elks Name Bingo Winners

Winners of prizes at the Elks bingo night were:

Wedding Announcement

Mr. and Mrs. S. Murdoch, of Coleman, wish to announce the marriage of their daughter Marilyn Anne, to Mr. Ross Mouser, son of Mr. and Mrs. D. A. Mouser of Claresholm. The marriage took place in St. Paul's United Church, Coleman, on Saturday, June 24th, Rev. H. Coward of Blairmore officiating.

Card of Thanks

I would like to thank all those who contributed, brought gifts, or helped in any way to give me such a lovely bridal shower. My most sincere appreciation goes out to the hostesses who must have worked very hard to make it such a wonderful occasion.

Michele Kilgannon.

Card of Thanks

I wish to express my sincere thanks to the Doctors, Nurses and Staff for the wonderful care and attention shown me while a patient in the Crows Nest Pass Hospital; also those who sent flowers, cards and gifts, and visited me. Thank you.

Carlo Roggiani.

Card of Thanks

We wish to express our very sincere gratitude to the Doctors, Nurses and Staff of the Crows Nest Pass Hospital, the Foothills Hospital, Calgary; to those who sent flowers, cards and gifts; to S. Lozza and Bud Dickens for the use of cars, to Harry Setla and his boys, the Coleman Elks, the Coleman O.R.P., Coleman Merchants and all who have been so kind to us and our son since his accident.

Mr. and Mrs. R. Yeliga.

In Memoriam

In Loving Memory of our Dear Mother, Mother-in-law and Grandmother, Carmela Ferrara, Who Passed Away July 1st, 1962:

No one hears the door that opens
When they pass beyond the call.
Soft as the dropping petals of a rose,

One by one loved ones fall.
But the memory of each loved one
Like the fragrance of a rose
God sends to linger with us
Till our own life's door shall close.

We tell our lonely, aching hearts
God took her home for the best,
That only "He" the great physician
Could ease her pain and give her rest.

Alas, the hours without her are
Too empty to be measured.
And we wish a thousand times
Each day
For the Dear One that we
Treasured.

Sadly Missed by Sons, Daughter and Families.

In Memoriam

In Loving Memory of John Stuvlak, Who Passed Away on July 19, 1953:

The rolling stream of life rolls on,
But still the vacant chair
Recalls the love, the voice, the smile

Of the one who once sat there.
Ever Remembered by Daughter
and Son-in-law, Annie and Mor-doch McKay, Trail, B. C.
